Brief interactions are less likely to result in transmission; however, symptoms and the type of interaction (e.g., did the infected person cough directly into the face of the exposed individual) remain important.” (<https://www.cdc.gov/coronavirus/2019-ncov/php/public-health-recommendations.html>)

**REMINDER:** Follow physical distancing guidelines:

- a) Maintain at least 6 feet apart at all times
- b) You must wear an appropriate face covering while inside campus facilities/buildings. Face covering use will be in addition to and is **not** a substitute for social distancing. Anyone not using a face covering when required will be asked to wear one or must leave the area. Repeated refusal to comply with the requirement may result in discipline through the applicable conduct code for faculty, staff or students.
